## Sheri F. Schultz, CPA, ABV, CFF

Director of Business Valuation Services, Fiske & Company  
954-236-8600  
[www.fiskeco.com](http://www.fiskeco.com)

Sheri F. Schultz is the Director of Business Valuation Services of Fiske & Company in Plantation, Florida. She is a CPA that is accredited in Business Valuations and in Financial Forensics by the AICPA. After a successful start out of college with the "Big 8" accounting firm Coopers Lybrand, Schultz left to join her dad's firm – Fiske and Company – to head up the Business Valuation department. She is credited with growing that practice over the past 20 years, making it a significant source of revenue for the firm. She has also left her handprint on the accounting industry as a whole, as she also assisted in writing and gaining approval for the AICPA Statement on Standards for Valuation

Services No.1, Valuation of a Business, Business Ownership Interest, Security or Intangible Asset, to which all CPA's must comply with these standards when writing in all areas of business valuation.

Schultz has provided expert witness testimony and consulting services in complex estate and accounting matters. She has been, throughout her career, very involved in leadership roles in the AICPA and the FICPA, currently as a member of the FICPA Board of Governors. In her spare time, she is active for causes she cares about deeply. She is an initial member of the FIPCA's Woman's leadership Task Force and is a founding member of the Woman's Executive Council for the Jewish Federation of Broward County, where she helps raise funds for its causes, and she also gives back her time and resources to her alma mater, the University of Florida.

In addition to her leadership roles in professional associations, Schultz also is very active in the local community; serving as the treasurer of the Broward Professional Association, a think tank for professionals in the West Broward area, and as a frequent speaker on topics such as business valuation, tax planning and estate planning. Says Schultz: "I take tremendous pride in my community involvement, while it promotes my firm; it is personally gratifying to provide assistance to those in need. My tenacity for business development has resulted in a continuous and growing revenue source for my firm."
